

***ACUTA announces the release of
ACUTA PDF Tools
Version 4.1***

Marlborough, MA – May 29, 2018 - ACUTA is pleased to announce the release of version 4.1 of ACUTA PDF Tools.

Enhancements in version 3.1 include

- **TOC Generator Wizard:** A new tool that enables users to create Table of contents in PDF documents without TOC. The TOC can be created from existing bookmarks or manually entering TOC items. Header and Footer for TOC page is also supported.
- **PageStamp Wizard:** A new tool that enables users to stamp page numbers, as well as headers and footers without affecting existing headers and footers.
- **DocLink Wizard:** A new tool that enables users to create external hyperlinks with file name extensions (sas, xpt, txt, xml, pdf) for the active document or for multiple documents.
- **TextLinker Wizard:** A new tool that enables users create internal and external hyperlinks for keywords using 'Select Region' & 'Add Prefix'. Users can then create bookmarks from the hyperlinked keyword.
- And many other updates/enhancements.

About ACUTA, LLC

ACUTA was founded in 2012 to assist Life Science companies in complying with ever changing regulatory requirements that guide the product lifecycle through approval and maintenance. ACUTA's founder Shy Kumar and his team members are well known in the industry, with over 20 years of experience. They have successfully deployed state-of-the-art solutions that were well received by industry and users. ACUTA's vision is to develop innovative solutions to assist Life Sciences and related companies with their regulatory information management, which ultimately benefit everyone and specifically the needs of patients around the world. ACUTA is headquartered in Marlborough, MA, USA.
